Power

- 25-hp Kohler V-twin, OHV air-cooled engine
- 10-mph transport speed

Performance

- Hydrostatic ground drive with large cast aluminum housings for superior cooling
- Seven-gallon fuel tank with standard fuel gauge for all day mowing
- Warranty term - 2 years or 300 hours, whichever comes first

7-Iron™ Deep-Deck Mowers

- 54- or 60-inch 7-Iron™ mower deck
- The deep deck design creates a powerful vacuuming action to lift the grass and create better airflow
- One-piece 7-gauge stamped steel means no weld points to fail
- Full floating deck follows ground contours, providing the best groomed appearance

Durability

- Cast-iron front caster arms and forks for increased durability
- Ribbed cast aluminum spindle housings are designed for strength, enduring performance and reliability; the large surface area and aluminum construction keeps the spindles and all moving parts cool

Comfort and Convenience

- The "Turn Key +1" system makes starting the machine as easy as starting a car - just turn the key, release the parking brake and you are ready to mow
- The mower parking brake is conveniently located at the front of the mower deck platform; the operator simply uses their foot to set or disengage the parking brake
- Deluxe high-back (18-inch) seat with adjustable armrests; no-tools fore-aft seat adjustment with a 4-inch range can be used by the operator while seated
- The innovative, low effort dial height-of-cut adjustment with built-in transport lock allows the operator to precisely set the cut height at 1/4-inch increments
- Easily raise or lower the mower deck using powered deck lift system

Motion-Control Levers

- Adjustable motion-control levers can be adjusted to three different height settings and a range of fore-aft settings for increased comfort and more precise control of the machine
- Dual-lever, hydraulically dampened operator controls modulate movement of control levers for smoother operation; operator can smoothly and precisely control machine
- Ergonomically-angled motion control levers with special padded grips to provide unmatched comfort

- Powered deck lift button and PTO cutoff switch are conveniently located on the motion control levers; easily raise and lower the mower deck or shut off the mower blades at a touch of a button
