

## STIHL Blowers/Sprayers

For performance that'll blow you away...latch on to a

**versatile STIHL blower.** There's no substitute for power and versatility when it comes to blowers. STIHL has a complete line of backpack and hand-held units that are among the most powerful in the industry. And some models can be converted from blower to sprayer or blower to vacuum quickly and easily. They'll clear debris from patios, driveways, lawns and all the hard-to-reach places around your home - and they can tackle parking lots, stadium grounds and other commercial and institutional facilities. STIHL blowers are lightweight, have exceptional balance, and backpack units are equipped with a swivel air tube - a real time and labor saver.
