Power

- 3-Cylinder Yanmar diesel engine (meets the EPA emission standards for Tier II emission requirements)
- 32.5 horsepower
- Direct injected for better cold weather starting

Performance

- PowrReverser™ transmission with 12 forward and 12 reverse speeds is standard
- eHydro™ transmission with infinite speed selection, no clutching or shifting required is optional
- One-piece sloped hood for improved visibility and serviceability
- Standard 4-wheel drive
- LoadMatch™ feature keeps the tractor from stalling under heavy loads
- MotionMatch™ feature enables the operator to customize the tractor's responsiveness
- Standard rear PTO; optional mid PTO
- Dual hydraulic pumps ensure a consistent fluid flow for steering and a separate supply to implements
- Loader ready with a dual mid selective control valve and integrated loader joystick
- Performance Tracking System allows key tractor systems and functions to be monitored from the driver's seat
- Digital speedometer
- Digital hour meter
- Low fuel warning light

Operator Station - Open Station

- Larger grab handles on each fender make getting on and off of the tractor easy
- Tilt steering wheel design provides additional clearance for the operator to enter and exit the tractor
- Comfortable High-Back Seat
- Performance Tracking System has large easy-to-read dials that provide engine RPM, fuel level, and engine temperature at a glance
- Backlighting of instrument panel provides excellent nighttime visibility
- Foot platform is rubber mounted and incorporates a rubber mat for operator comfort

Operator Station - ComfortGard™ Cab

- [ComfortGard Cabs](#) are factory-installed on the tractors
- Completely pressurized and sealed to keep cool (or warm) air inside and dust and allergens outside
- 15,000 BTU heater keeps you comfortable in the worst winter conditions
- Extra-large condensers and blowers mean fast, efficient cooling in the summer heat
- Exclusive raised head bar allows a clear view of the loader all the way to the top of the lift cycle
- Independent testing proves the John Deere cab is [20 percent quieter](#) than a comparable competitive model
- Automotive-style comfort provides plenty of leg, elbow and headroom and all controls are within easy reach
- Learn more about [Cab Tractors](#)

Comfort/Convenience

- Ergonomic design
- Tilt steering
- Available iMatch™ quick hitch
- Automatic style park brake
- Rubber isolated platform minimizes vibration
- Available front quick hitch for quick and easy attachment of front implements

Safety

- Operator presence system that will shut the tractor off if the operator leaves the seat while the tractor is in gear
- ASAE and OSHA certified roll-over protective structure
- Retractable seatbelt for operator safety
- Wide angle halogen lights provide more light and better light dispersion
