Differentials, axles, frame and chassis

- Heavy-duty two-wheel-drive (2WD) front axles are ready to work
- Differential lock for better traction
- Inboard planetary final drives reduce stress on gears and shafts

Engine

- John Deere PowerTech™ 3-cylinder diesel engines
- High-torque, low-emission turbocharged diesel engines

Hitch, drawbar and PTO

- Adapt to a wide variety of implements with the 5D Series 3-point hitch
- Top link draft sensing provides consistent results every time
- Standard independent 540 rpm rear power take-off (PTO) performs well in normal or heavy applications

Hydraulics

- Open-center hydraulic system
- Find versatility with a variety of hydraulic offerings

Operator's station and controls

- Spacious straddle mount operator station
- Easy to operate controls and instrumentation
- 2-post foldable Roll-Gard™ ROPS

Steering and brakes

- Hydrostatic power steering for performance and efficiency
- Wet-disk brakes provide durability and long life

Transmissions

- Achieve results with a 8F/4R transmission
- Economical and durable clutch
