Differentials, axles, frame and chassis

- Mechanical Front Wheel Drive increases traction in tough conditions
- Differential lock for better traction
- Inboard planetary final drives reduce stress on gears and shafts

Engine

- John Deere PowerTech™ 3-cylinder diesel engines
- High-torque, low-emission turbocharged diesel engines

Hitch, drawbar and PTO

- Adapt to a wide variety of implements with the 5E Series 3-point hitch
- Standard independent 540 rpm rear power take-off (PTO) performs well in normal or heavy applications

Hydraulics

- Open-center hydraulic system

Operator's station and controls

- Spacious straddle mount operator station
- Easy-to-operate controls and instrumentation
- 2-post foldable Roll-Gard™ ROPS

Steering and brakes

- Hydrostatic power steering for performance and efficiency... [more](#)
- Wet-disk brakes provide durability and long life... [more](#)

Transmissions

- Achieve results with a SyncReverser™ transmission
- SyncShuttle™ transmission is an ideal and durable transmission
- Economical and durable clutch
