Differentials, axles, frame and chassis

- Four-wheel-drive (4WD) front axle provides traction on demand
- Differential lock for better traction

Electrical and lighting

- Work into the night with full lighting equipment on cab tractors

Engine

- John Deere PowerTech™ 4-cylinder diesel engines create outstanding performance, durability, and the best operating experience
- Get dependable performance with high-torque, low-emission PowerTech™ diesel engines
- Vertical exhaust
- Cold weather package

Hitch, drawbar and PTO

- Adapt to a wide variety of implements with a category 2/1 three-point hitch
- Attachments, telescoping draft links
- Easily change between category 2 and category 1 implements with interchangeable hitch balls
- Top link draft sensing provides consistent results every time
- Hitch adjustments are easy with the mechanical three-point hitch
- Save fuel in PTO applications with the 540/540 Economy PTO
- 540/1000 rpm power take-off
- iMatch™ Quick-Hitch, Category 1
- Economy Quik-Coupler, category 2
- Creeper Gears provide lower ground speeds

Hydraulics

- Mid-mount selective control valves (SCVs) increase productivity
- Rear-mount selective control valves (SCVs) add versatility
- See quality performance in severe operating conditions with the hydraulic oil cooler
- Hydraulics, open-center, gear-driven

Operator's station and controls

- Climate-controlled cabs increase comfort and performance
- Easy-to-read instrument panel
- Tilt steering column for optimal operator comfort

Serviceability and support

- Save maintenance minutes when servicing 5E Limited Series Tractors

Steering and brakes

- Wet-disk brakes provide durability and long life
- Hydrostatic power steering for performance and efficiency

Transmissions

- The 12F/12R PowrReverser™ transmission is ideal for heavy applications
- Economical and durable clutches
